About the Grant

The mission of the St Luke's Medical Foundation is to provide financial aid to individuals that need help paying for required medical care.

Grants to Qualified Individuals

Grants will be awarded to individuals who need financial assistance in order to pay for medical care, tests, and prescriptions that are *not available at Saint Luke's Medical Clinic*. While the foundation can not fund every applicant, it is the desire of the foundation to assist needy persons who have shown a willingness to help themselves and strive for medical care.

St Luke's Medical Foundation will work with local health care organizations including: clinics, hospitals, labs, and pharmacies to help pay for medical services and prescriptions for qualified individuals. The amount of each grant to individuals and healthcare organizations will be determined on a case by case basis. Prospective grantees interested in this grant program will be required to submit an application for review by the Saint Luke's Medical Foundation Board of Directors. There is no deadline for applications and applications will be accepted continually. All funds will be sent directly to the healthcare provider, hospital, clinic, lab or pharmacy.

Criteria necessary for consideration

1. Each Applicant must write a letter describing their financial situation and medical needs.
2. Each applicant must have a letter of recommendation from their current physician or healthcare provider.
3. Each applicant must be age 16 or older.

"So I say to you: Ask and it will be given to you; seek and you will find; knock and the door will be opened to you."

Luke 11:9
